The AGM resolved on an incentive program of 770,000 warrants that entitles the holder of one warrant to subscribe for one new share in the company during the period of 1 September 2019 up to and until 31 October 2019.

Disapplying shareholders' pre-emption rights, the right to subscribe shall only vest in the wholly-owned subsidiary, Heliospectra Personal AB, company reg. no. 556904-7243 (the "Subsidiary"). Following subscription, the Subsidiary shall be entitled, and obligated, upon instructions from the board of directors of the company, to transfer the warrants to senior management and other key persons of the company or its subsidiaries. The warrants are subscribed for by the Subsidiary without consideration.

Upon full subscription and exercise of all warrants, the company's share capital will increase by SEK 77,000 broken down into 770,000 shares, corresponding to a dilution effect of approximately 2.19 per cent of the number of shares and votes (770,000 / 35,111,576).

The AGM also resolved to approve that the Subsidiary shall have the right to transfer the warrants to senior management and other key persons in the company and its subsidiaries, or to otherwise dispose of the options in order to perform the company's undertakings as a consequence of the above-stated warrants program.

Payment for the warrants in conjunction with transfer by the Subsidiary to senior management or key persons shall be made on market terms as established upon application of the Black & Scholes option valuation model.

The reason for disapplying shareholders' pre-emption rights is that the board of directors wishes to promote the company's long-term interests by offering senior management and other key persons the possibility to participate in an incentive program which provides them with an opportunity to participate in the growth in value of the company. This is anticipated to increase the commitment of senior management and key persons to the business operations.
