## **COPPERSTONE RESOURCES: SUBSCRIBES FULLY IN THE NORDIC IRON ORE RIGHTS ISSUE**

The Board of Copperstone Resources AB (“Copperstone” or “the Company”) has decided to use all subscription rights in the on-going Rights Issue in Nordic Iron Ore AB (“NIO”), where Copperstone holds an ownership of almost nine (9) percent. The Company will hereby at least maintain its ownership. The investment amounts to approx. 1.6 MSEK. In the Board’s view, NIO is a very robust project.

“We are glad to have the possibility to continue to support NIO and secure our ownership- and lender interest as we see this as a major and growing financial asset NIO (debenture of currently 14.4 MSEK) is an interesting mine project, which in comparison to similar companies appears to be attractively priced. Our assessment is unchanged and we are convinced that NIO is significantly undervalued and that the true value will be realised in the upcoming years and that this will become clear through the expected initial public offering of NIO.” comments Copperstone CEO Per Storm.
