21 MARCH 2023, 22:20 CET

Alcadon Group AB (publ) ("Alcadon" or the "Company") has carried out a directed new share issue of 974,818 shares at a subscription price of SEK 54 per share (the "Directed New Share Issue"), consequently raising proceeds of approximately SEK 52.6 million before deduction of transaction costs. The Directed New Share Issue is carried out to meet increasing demand from customers as well as to increase the Company's financial flexibility and thereby support its growth. The subscription price has been determined through an accelerated bookbuilding procedure performed by Skandinaviska Enskilda Banken AB (publ) ("SEB").

The board of directors of Alcadon has, based on the authorization given by the annual general meeting held on 22 April 2022, and as communicated in the Company's press release earlier today, resolved on and carried out the Directed New Share Issue of 974,818 shares, which were subscribed by among others Swedbank Robur as well as some of the Company's larger existing shareholders: AP2, Cicero Fonder, Consensus Småbolag, Humle Fonder, Investment AB Spiltan and Ribbskottet AB.

The subscription price in the Directed New Share Issue was set to SEK 54 and has been determined through an accelerated bookbuilding procedure carried out by the Company's financial advisor SEB. The board of directors therefore believe that the subscription price reflects current market conditions and demand. The subscription price corresponds to a discount of approximately 4.4 percent in relation to the closing price on 21 March 2023. Through the Directed New Share Issue, Alcadon will receive approximately SEK 52.6 million before deduction of transaction costs.

The rationale for carrying out the Directed New Share Issue is to ensure funding to continue to implement the established and already communicated growth strategy and meet increasing customer demand. The growth strategy involves, among other things, expanding the Company's product portfolio, increasing sales capacity, broadening revenue streams, and realizing synergies from acquisitions. In addition, the Directed New Share Issue will strengthen the Company's financial position by reducing net debt. The board of directors is of the opinion that the Directed New Share Issue is positive for the Company's capital structure and general risk level. The board of directors has also considered the possibility to raise the required equity through a rights issue but has concluded it would be significantly more time- and cost-consuming to implement, and thus would entail increased market risk exposure compared to the Directed New Share Issue. Moreover, in contrast to a rights issue, the Directed New Share Issue will broaden the shareholder base with new reputable owners, which the board of directors believes would strengthen the liquidity of the shares and be beneficial to the Company. In light of the above, the board of directors has made the assessment that the Directed New Share Issue with deviation from the shareholders' preferential rights will be the most favourable alternative for Alcadon and in the best interest of the Company's shareholders.

The Directed New Share Issue entails a dilution of 4.5 per cent of the share capital and total number of shares and

votes in the Company (i.e. the new shares in the Directed New Share Issue will represent 4.5 percent of the share capital and total number of shares and votes in the Company after the Directed New Share Issue). Through the Directed New Share Issue, the number of outstanding shares and votes will increase by 974,818, from 20,612,823 to 21,587,641. The share capital will increase by SEK 47,105.13, from SEK 996,052.20 to SEK 1,043,157.33.

In connection with the Directed New Share Issue, the Company has undertaken, with customary exceptions, not to issue additional shares for a period of 180 calendar days after the delivery of the new shares to investors in the Directed New Share Issue. Board members and senior executives, including the CEO and the CFO, have undertaken not to sell any shares in Alcadon for a period of 90 calendar days after the delivery of the new shares to investors in the Directed New Share Issue, with customary exceptions.
