

Obducat receives order from German customer at a value of 6 million SEK

OBDUCAT AB (publ) subsidiary Obducat Europe GmbH, a leading supplier of system solutions for lithography processing, has received a repeat order from an existing customer in Germany, for the supply of a MC 204 fully automated resist processing system. The order value amounts to approx. 6 million SEK.

The fully automated MC 204 resist processing system will be used for production purposes and it will be equipped with a function that enables inline quality control. The ordered tool is the second tool of this type that the customer orders and the purpose is to increase production capacity.

The MC204 system is planned to be delivered in second quarter of 2019.
