Obducat receives order for an MC 204 fully automated resist processing tool from a customer in Asia

OBDUCAT AB (publ) subsidiary Obducat Europe GmbH, a leading supplier of system solutions for lithography processing, has received an order from a customer in Asia, for the supply of fully automated MC 204 resist processing tool. The order value amounts to approx. 7.5 million SEK.

The MC 204 tool will be installed in the cleanroom facilities of the customer where it will be used for development and pilot production primarily focused on components related to ICT (Information and Communication Technology). Further information cannot be disclosed for the time being due to confidentiality reasons.

The MC 204 will be delivered in the third quarter this year.
