

Obducat receives order valued at 1.1 million SEK from an existing customer in Europe

OBDUCAT AB (publ) subsidiary Obducat Europe GmbH, a leading supplier of system solutions for lithography processing, has received a purchase order from an existing customer in Europe, for the supply of a QS resist processing tool. The order value amounts to approx. 1.1 million SEK.

The customer is a leading manufacturer of Photonics components. The QS system is configured to perform photoresist coating processes in conjunction with the development of Photonics components. Further information cannot be disclosed for the time being due to confidentiality obligations.

The QS tool will be delivered in the fourth quarter this year.
