

PRESS RELEASE

July 12th, 2022

Obducat receives order valued at 7.1 million SEK from a world-leading customer in the semiconductor industry

OBDUCAT AB (publ) subsidiary Obducat Europe GmbH, a leading supplier of system solutions for lithography processing, has received an order from a world-leading customer in the semiconductor industry, for the supply of a fully automated Microcluster Track Wet Processing Tool. The order value amounts to approx. 7.1 million SEK.

The fully automated Microcluster Track Wet tool will be used for cleaning processes for SiC-substrates (Silicon Carbide). Further information cannot be disclosed at this point in time.

The system will be delivered in the first quarter 2023.
