Obducat receives order valued at 16 million SEK from a customer in Europe

OBDUCAT AB (publ) subsidiary Obducat Europe GmbH, a leading supplier of system solutions for lithography processing, has received an order from a customer in Europe, for the supply of a fully automated and highly customized Wet Processing Tool. The order value amounts to approx. 16 million SEK. The order value will be included in the second quarter's order intake 2022.

The tool will be installed in an existing semiconductor fab facility and will be used in a combined wet process- and wafer test application. Further information cannot be disclosed at this point in time.

The tool will be delivered in the second quarter 2023.
