

Heliospectra Postpones the Publication of the Annual Report for 2022

(Gothenburg, Sweden, March 8, 2023, at 16:15) - Heliospectra AB (publ) (First North Growth Market: HELIO), has today decided to postpone the publication of the company's Annual Report 2022. The annual report was scheduled to be published on March 9, 2023. The release is now postponed until March 22, 2023.

The postponement is mainly due to the fact that the company's annual general meeting has been moved two weeks and will be held at the earliest on May 3, 2023. The exact date will be updated on the company's website.

The information was submitted for publication, though the agency of the named contact persons, at 16:15 CET on March 8, 2023.

Heliospectra AB (publ) (Nasdaq First North Growth Market: HELIO) was founded in 2006 in Sweden by plant scientists and biologists with one vision – to make crop production more intelligent and resource-efficient. Today, with customers across seven continents, Heliospectra is the global leader in innovative horticulture lighting technology, custom light control systems and specialized services for greenhouse and controlled plant growth environments. Designed by growers for growers, Heliospectra builds customized LED lighting strategies and controls to automate production schedules, forecast yields and monitor crop health and performance with real-time data and response, to deliver the light plants love and the consistent results growers need.
