

Insider information, positive profit warning: Enersense's adjusted EBITDA for FY 2022 exceeds guidance

Enersense International Plc
Insider information 23 January 2023 at 2.00 p.m.

According to the preliminary unaudited information, Enersense International Plc's adjusted EBITDA for the fiscal year 2022 will exceed EUR 12 million due to wind power projects that have proceeded faster than anticipated and resulting payment realization.

According to the preliminary unaudited information, the Group's revenue will be at the upper end or above the previous guidance.

According to the guidance given by the company in July, Enersense expected that the adjusted EBITDA for 2022 will be in the range of EUR 6–12 million and the revenue in the range of EUR 245–265 million.

Enersense will publish its Financial Statement Bulletin for 2022 on Monday 27 February 2023.
