# Carl-Johan Linér appointed as new CEO of SaltX Technology

**- Solid experience from ABB's power operations**

**Energy storage company SaltX Technology - listed on Nasdaq First North Premier - recruits Carl-Johan Linér as new CEO. SaltX gets a leader with experience from positions as Vice President of ABB Sweden and responsible for ABB Division Power Products in Ludvika.**

Altogether, Carl-Johan Linér worked for almost twenty-five years within the ABB Group. He also has a past as Vice President of Indutrade. Last year's Carl-Johan Linér has been a consultant.

*"With the recruitment of Carl-Johan Linér, we get a leader who can help develop SaltX to its full potential. SaltX is well positioned to take the next important step and offer large-scale energy storage to energy companies and industries to our prioritized markets,"* says Åke Sund, Chairman of SaltX Technology.

Carl-Johan Linér takes office on May 6, 2019.

*"I look forward with great excitement to build upon SaltX strong position. Energy storage is one of the most important areas in the transition into renewables. I see that my experience within power and international affairs can strengthen SaltX in this important and expanding market,"* says Carl-Johan Linér.
