ADDvise receives order worth 1,9 MSEK

ADDvise Group AB's (publ) newly acquired subsidiary Hettich Labinstrument has received an order from Region Norrland. The order is for a delivery of an automatic inoculation and streaking robot to Laboratoriemedicin Mikrobiologen.

The automatic inoculation and streaking robot will help the staff so that they can engage in more qualified work. Further on, the robot will also be able to take part in a larger automatic system with incubation and imaging.

The order is worth approximately 1,9 MSEK and will be delivered in May.

- I am certain that this is the first of many positive news that Hettich Labinstrument will contribute with, says Rikard Akhtarzand CEO for ADDvise Group AB concerning the order.
