Strong order intake for ADDvise Group during Q1 2017

During the first quarter of 2017, ADDvise had a significant growth in order intake. The order intake increased by 123,5 percent compared to last year. The total order intake was 74,0 MSEK.

ADDvise Group's order intake amounted to a total of 74,0 MSEK during the first quarter of 2017, an increase of 123,5 percent compared to the same period last year. During the first quarter of 2016, the order intake amounted to 33,1 MSEK. The total order intake for 2016 amounted to 171,8 MSEK. The significant increase is partly due to the strong market and partly due to acquisitions.

Due to the significant growth in order intake, the company will henceforth only publish information about orders that are worth two million SEK or more. Previously, all orders worth one million SEK or more have been released.
