Correction of the interim report for the third quarter 2019

Catena Media plc is hereby announcing a correction of the interim report for the period January - September 2019, which was published on 18 November 2019.

The incorrect number can be found on page 17 in the interim report and relates to the adjustment for item ‘Interest expense’ under ‘Cash flows from operating activities’ as reflected in Catena Media's cash flow statement.

For the period July - September 2019, ‘Interest expense’ should amount to EUR 1.7m (previously EUR 4.665m). For the period January - September 2019, ‘Interest expense’ should amount to EUR 7.3m (previously EUR 10.282m). As a result of these corrections, the movement in ‘Trade and other payables’ has been decreased to EUR 1.5m for the periods (previously approx. EUR 4.5m). The ‘Net cash generated from operating activities’ will not change and hence there is no cashflow impact.

The figures have been updated in the Interim report for the third quarter 2019, which has been corrected on the Catena Media website https://www.catenamedia.com/investors/reports/quarterly/
