

Polygiene strikes new strategic alliance with 8H, China's leading e-commerce mattress and bedding company

Polygiene is working together with 8H to introduce Polygiene Odor Control Technology to the bedding solutions provider's rapidly expanding product portfolio, which includes latex mattresses, mattress bases, mattress pads, pillows and other sleep products.

The entire range of 8H latex mattresses and latex pillows as well as selected 8H sofas, bedding sets, children's mattresses and quilted mattress pads will feature Polygiene technology, which keeps bedding fabrics fresh and odor free.

"Ensuring that people who use 8H products enjoy 8 hours of a comfortable sleep is our number one priority," says Li Yong, founder and CEO, 8H. "Our partnership with Polygiene reflects the keen interest that Chinese consumers have in safeguarding their health and well-being. Polygiene Odor Control Technology with its antimicrobial properties goes a long way in helping us achieve our goals."

"We are very pleased to announce our strategic alliance with 8H and look forward to working closely with 8H in the years to come," says Christian von Uthmann, CEO, Polygiene. "Collaborating with 8H, the largest, most wellknown bedding provider in China, promises to be a lucrative venture given 8H's success in capitalizing on the ecommerce boom there."
