Publisher gamigo Reveals FATE: Reawakened, Upcoming Remaster for the Beloved Classic Dungeon Crawler Series

Relive the Golden Era of Action RPGs with Updated Graphics, Gameplay, and More

Hamburg, Germany (August 9th, 2024) - A beloved old-school adventure begins anew as MMORPG publisher [gamigo](#) and developer [Tableflip](#) announce FATE: Reawakened, a full remaster of the original classic FATE series, originally developed and published by WildTangent! Breathing new life into a classic, FATE: Reawakened updates the iconic dungeon crawler quadrilogy with remastered audio tracks, complete graphical overhauls, and additional language support. More exciting news: for the very first time, console players are invited to explore the realms of FATE!

FATE: Reawakened comprises all four original games, including the sequels Undiscovered Realms, The Traitor Soul, and The Cursed King.

FATE is celebrated and recognized as one of the early pioneers of the ARPG genre and a notable precursor to games like Torchlight. In it, players set out on an epic quest, battling vicious monsters, collecting unique weapons, and learning magical spells in their quest for glory

and fame. Cited as many players' first dungeon crawler, FATE's legacy is preserved and enhanced in its upcoming Reawakened remaster, conserving all the beloved characteristics of the original while giving the series a good polish.

About the FATE Series

During the golden era of action RPGs, FATE stood out as a powerhouse, earning the runner-up spot for PC Magazine's Role-Playing Game of the Year award. Its popularity led to the creation of three sequels, making it one of the premier dungeon crawlers of its time. Now, a new generation of players can enter the legendary town of Grove and experience the original games like never before!

Key Features of FATE: Reawakened

- **A Fresh Coat of Paint:** This four-in-one bundle also brings a complete graphical update for all assets and refined and updated UI. Players can now enjoy dramatically improved lighting and particle effects, bringing the darkest depths of FATE's dungeons to a whole new level.
- **Tons of New Content:** Fans of old (and fans of new!) can enjoy new Steam badges, new Steam emoticons, and new profile backgrounds for the Steam-specific release, as well as a slew of new achievements across all platforms. The series also gains new localization, with Spanish, German, French, Korean, Japanese, and Simplified Chinese language support across all games for the very first time.
- **Procedurally Generated Levels:** Explore limitless caverns, dungeons, mines, and tunnels, all procedurally generated. What will your adventures uncover?
- **In This Economy?:** Buy and sell goods, upgrade, and enchant your equipment.
- **Cute and Cuddly:** Choose from seven different pet types and transform them into more and more powerful creatures.

FATE: Reawakened will launch on PC, with a release date to be announced later. Wishlist the collection now on [Steam](#) and the [Epic Games Store](#).
