

## Svenska Aerogel Holding AB appoints Pernilla Ståhle as Head of Development

**Svenska Aerogel has recruited Pernilla Ståhle as Head of Development. She will be responsible for the development activities and application support to global customers developing new products with Quartzene. Pernilla will start in the new position March 1.**

Pernilla has a broad experience in leading industrial product development from pulp & paper, paint & coatings, packaging, and food industry. Pernilla Ståhles previous positions includes Director Product Management & Development at BillerudKorsnäs and Tikkurila (Alcro-Beckers).

*- We are happy to welcome Pernilla Ståhle to Svenska Aerogel. She has valuable experience from industries where there is a great interest in Quartzene. We look forward to have Pernilla onboard as a leader for the development work with Quartzene within our prioritized customer segments Transport, Pulp&paper,*

*Process and Building&Construction. Tor Einar Norbakk, CEO of Svenska Aerogel.*

*- Svenska Aerogel has enormous market potential and is in a very interesting expansive phase. Svenska Aerogels product Quartzene is a new, modern useful material in many applications and at the same time contributes to a sustainable future. That means a lot to me and I am happy to be a part of it, says Pernilla Ståhle*

Pernilla Ståhle will join Svenska Aerogel on March 1, 2021.
