

Vicore Pharma's holding I-Tech strengthens supply chain with strategic acquisition

Vicore Pharma Holding's (publ) (ticker: VICO) holding company, I-Tech AB has today announced the acquisition of manufacturing process technology and adherent immaterial property rights, for the production of Selektope® from Cambrex Corporation (NYSE: CBM). The acquisition has been facilitated by the issuing of new shares in I-Tech and Cambrex will after the shares have been registered hold 19,9% of the shares in the company.

Vicore Pharma Holding's owner share in I-Tech AB will decrease to 21,2% (previous 26,5%) as a consequence of the share issue.

" This is an important deal for I-Tech's future expansion and continuous growth and we are very pleased that Cambrex, a well-reputed international life-science large-scale manufacturing company will add value as a competent shareholder and Board of directors member in I-Tech." Says Per Jansson, CEO of Vicore Pharma Holding.

About Vicore Pharma Holding

Vicore Pharma AB develops drugs that act through the AT2 receptor. The company's drug candidate C21 aims to improve the treatment of idiopathic pulmonary fibrosis, a rare disease for which C21 has been granted orphan drug designation both in the EU and USA. In addition, C21 is explored pre-clinically for a number of diseases where the AT2 receptor plays an important role. I-Tech AB is an associated company to Vicore Pharma Holding. The company has developed and commercialized Selektope®, an effective chemical agent used as an antifouling ingredient in antifouling paints. The companies are based in Astra Zeneca's Bioventurehub in Mölndal. The company's share (VICO) is listed for trading on Nasdaq First North in Stockholm with Erik Penser Bank as Certified Adviser.
