

Presentation of phase I/IIa clinical data of FG001 in aggressive brain cancer at the European Congress of Neurosurgery 2022

Copenhagen, Denmark, 6 October 2022 – FluoGuide A/S (“FluoGuide” or the “Company”) is pleased to inform that the Principal Investigator, Chief Surgeon Jane Skjøth-Rasmussen will be presenting the outstanding clinical data from the completed phase I/IIa trial with FG001 in patients with aggressive brain cancer undergoing surgery at the European Congress of Neurosurgery on 19 October 2022 in Belgrade, Serbia.

The excellent phase I/IIa clinical data of FG001 in aggressive brain cancer will be presented by Principal Investigator and Chief Surgeon Jane Skjøth-Rasmussen at the European Congress of Neurosurgery in Belgrade, facilitated by the European Association of Neurosurgical Societies (EANS).

The purpose of the trial was to investigate FG001 for intraoperative visualization of malignant glioma in patients scheduled for neurosurgery. The full abstract can be found [here](#).

Based on the promising clinical data, FG001 is advanced into a phase IIb trial in aggressive brain cancer where the top line result is expected in H1 2023.

About FluoGuide

FluoGuide’s primary focus is to maximize surgical outcomes in oncology. The Company’s lead product, FG001, is designed to improve surgical precision by illuminating cancer cells intraoperatively. The improved precision enabled by FluoGuide’s products has a dual benefit – it reduces both the frequency of local recurrence post-surgery and lessens surgical sequelae. Ultimately, the improved precision will improve a patient’s chance of achieving a complete cure and will lower system-wide healthcare costs. The Company has demonstrated efficacy of FG001 as well as it to be well tolerated and safe in the proof-of-concept clinical study (phase I/II) in patients with high grade glioma undergoing surgery. FluoGuide has decided to explore FG001 in three other severe cancer indications, namely lung, head & neck, meningioma and low grade glioma. FluoGuide is listed on Nasdaq First North Sweden under the ticker “FLUO”.
