

Stefan Berg leaves the Careium board due to new role

Stefan Berg, having been a part of the Careium board for two years, leaves his board role due to taking up a new role that will require his available time. Stefan Berg leaves the role on 16 June due to taking up a new operative position.

"Stefan has been a key contributor to the development of Careium during the course of the last two years via his board commitment, where his technical experience and competence have been valuable in advancing the leadership position within technology enabled care. Stefan will be missed, and we wish him all the best in his new role" comments Maria Khorsand, Chair of the Careium board.

"It has been an incredible experience to work with the Careium board and management over the last two years. I'm convinced that Careium will keep its growth and further solidify its position as the most innovative and quality-orientated provider of solutions within senior technology. It is with a profound sense of sadness of not being able to contribute to the journey ahead as my new operative role will require my full commitment" says Stefan Berg.

The Careium board consists of Maria Khorsand (Chair of the Board), Kai Tavakka (Managing partner, Accendo Capital), Sara Lindell (Investment manager, Cidro Förvaltning) and Nils Normell (President EuroWorld, Tobii Dynavox).

Careium is today one of the leading players in technology-enabled care in Sweden, Norway, the United Kingdom and the Netherlands. This position means that Careium is one of the leading players in Europe that provides technology-enabled care. Careium's innovative solutions improve the safety, quality of life and independence of seniors both inside and outside the home. For the care provider, the Company's solutions mean increased efficiency and the opportunity to invest resources in more valuable activities. Careium is one of the few players that can offer the entire chain with security alarms, sensors (fall sensors, smoke detectors, motion detectors, etc.), accessories (cameras, electronic locks, robotic medication assistive devices, etc.) and secure communication with alarm response: we offer a complete digital alarm chain. FNCA Sweden AB is appointed certified adviser.
