Boule Diagnostics presents new financial targets and dividend policy

The Boule Diagnostics board has resolved to revise the company's financial targets and to adjust the dividend policy.

The financial targets that will apply effective today are:

- An operating margin (EBIT-margin) above 15 percent.
- Long term growth in sales above 10 percent per year.
- Net debt (interest bearing debts minus cash and cash equivalents) no greater than three times operating profit (EBIT) on an annualized basis.

The board has also resolved to adjust the dividend policy.

- The annual dividend should correspond to 25-50 percent of profit for the period, after taking due consideration to company liquidity.
