

Parker Hannifin chooses HANZA for manufacturing of cable harnesses and sheet metal parts

In June a major agreement was signed between the companies for the production of cable harnesses and sheet metal parts in HANZA's factory in Tartu, Estonia.

After an extensive evaluation process, Parker Hannifin Electronic Controls Division has chosen to appoint HANZA a preferred supplier for cable harnesses and sheet metal parts to coordinate all volumes from the division in Europe.

"HANZA have shown that they have the will and the ability to develop," says Claes Oskarsson, Division Supply Chain Manager Europe, Parker Hannifin ECD, "It is an important parameter for us in the Parker Group to develop long term relationships with our manufacturing partners.

"It feels great to be partnering with such a prestigious customer in this area," says Gerd Levin-Nygren, Division Manager HANZA Electronics "Our acquisition of the international cable harness group Alfaram put us on the map for many potential customers as we now can offer production in Estonia and Poland as well as in Slovakia and China".
