## **HYUNDAI ORDERS COATING SYSTEM FOR FUEL CELLS FROM IMPACT COATINGS AS PART OF JDA**

**Impact Coatings (Linköping, Sweden) has received an order from Hyundai Motor Company for an INLINECOATER™ system for coating of metal bipolar plates for fuel cells. The order, which is a result of the joint development agreement (JDA) that the companies signed in October 2019, has a value of EUR 945,000. Shipment is planned for the fourth quarter of 2020, with final delivery at the beginning of 2021.**
