

Press Release
For Immediate Distribution

New number of votes and shares

[Stockholm, Sweden 1 July 2024] – The Annual General Meeting (AGM) of SinterCast Aktiebolag was conducted on 21 May 2024. As previously announced, the AGM decided to cancel 22,601 own shares that were held by the company, thus reducing the share capital by SEK 22,601. The AGM simultaneously approved a bonus issue to increase the company's share capital by SEK 22,601 through a transfer of SEK 22,601 from the company's unrestricted equity. The bonus issue was approved without the issuance of new shares. Following the reduction of the share capital and the bonus issue and the official registration at the Swedish Companies Registration Office, the number of shares and votes as of 30 June 2024 is 7,067,532.

SinterCast® is the world's leading supplier of process control technology for the reliable high volume production of Compacted Graphite Iron (CGI). Stronger, stiffer and more durable than conventional iron, CGI enables the development of smaller, lighter and more fuel efficient engines in passenger vehicle, commercial vehicle and industrial power applications. The use of SinterCast-CGI currently contributes to the reduction of approximately ten million tonnes of CO₂ per year. With 57 installations in 13 countries, SinterCast provides sustainable solutions for manufacturing and transportation to the global foundry and automotive industries. SinterCast is a publicly traded company, quoted on the Small Cap segment of the Nasdaq Stockholm stock exchange (SINT). For more information: www.sintercast.com
